## Stockholm International Film Festival unleashes Twilight Zone

**Stockholm Film Festival reveals the titles in the film section Twilight Zone.**

Twilight Zone is the film section that offers the most adrenaline-filled and nerve wrecking cinema experiences. This year Twilight Zone strikes back with innovative and playful genre films that provoke and challenge the established conventions.

-This year's Twilight Zone presents more realistic and present dangers without being detached from the dark and the fantastic. Neo-nazis and punks clash in *Green Room*, a virus outbreak in Denmark triggers military action against middle class suburbia and a giant tsunami hits Norway, says George Ivanov, program director at Stockholm Film Festival.
